## HUMAN RESOURCES COMMITTEE CHARTER

### Objective

The objective of the Human Resources Committee is to assist the Board in discharging its duty to oversee the establishment of appropriate human resources policies and strategies that provide the Company with the capability to achieve its short and long term business objectives.

### Authority

The Human Resources Committee (the **Committee**) is established by, and reports to, the Board. The Committee's functions and powers are as set out in this Charter or otherwise delegated to it by the Board, in accordance with the Company's Constitution.

The Committee's primary role is to review and make recommendations to the Board. The Board has, however, delegated certain matters to the Committee.

The Board retains full responsibility for the Company's human resources strategy.

In this Charter, 'Executives' refers to members of the Executive Leadership Team.

### Composition

The Committee must consist of a minimum of three members, and all the members must be independent non-executive directors. Independence has the same meaning as set out in the Board Charter.

The Chairman and members of the Committee will be appointed by the Board, and the Board may remove or replace a member of the Committee. The Committee must be chaired by an independent director. If a member of the Committee ceases to be an independent non-executive director of the Company, that member ceases to be a member of the Committee.

### Responsibilities and duties

The Committee is responsible for overseeing the overall human resources strategy for the Company, which is designed to provide:

- a rich supply of high calibre talent with the capability to lead the business now and in to the future;
- diversity of employees to reflect the available talent in the market place and consumer demographics;
- training and development that will equip employees with the skills and knowledge to perform their duties and achieve their individual level of potential;
- a high performance culture and employee engagement that will drive organisation success;
- a level and mix of reward and recognition that:
  - will attract and retain employees with the requisite skills and expertise and motivate high performance;
  - provides strong linkages between Company and individual performance;

- maintains the integrity of the Company's remuneration principles, strategies and practices; and
- aligns shareholder and employee interests;
- a level of remuneration for non-executive directors that is sufficient to ensure the Company is able to appoint and retain non-executive directors with appropriate skills, expertise and experience; and
- a robust and disciplined approach to reward that:
  - provides a framework for undertaking reviews of remuneration proposals;
  - mitigates operational, financial, regulatory and reputation risk; and
  - is compliant with current governance and legislative requirements related to remuneration practices.

The duties of the Committee are set out below.

### ***Talent Management***

The Committee is to oversee the annual talent review process for Executives and senior management and the development of succession plans for Executives and key senior management to foster an appropriate balance of skills, experience, and expertise to support the ongoing successful management of the Company.

### ***Diversity***

The Committee is responsible for overseeing diversity and ensuring that it remains a key component of the global human resources strategy. The Committee is to oversee an appropriate Company wide diversity policy and report to the Board at least annually on progress in achieving the objectives of that policy. This includes any analysis and reporting required under current legislation, including review of remuneration by gender.

The Committee will review and endorse the Company's annual measurable objectives set for achieving diversity, prior to being approved by the Board. Progress against the measurable objectives will be reviewed twice a year by the Committee.

The Committee is to satisfy itself that all legal and disclosure requirements in relation to diversity are satisfied. The Committee is to oversee management's preparation of the diversity and inclusion section in the Company's Annual Report to ensure it is consistent with the information known to the Committee, and appropriately reflects the decisions of the Committee and the Board and the outcomes of those decisions.

### ***Leadership development***

The Committee is to oversee programs for the induction and ongoing leadership and capability development of Executives and key senior management (and potential senior management, as identified through the talent management and succession planning processes).

#### ***Meetings***

The Committee will meet a minimum of three times per year, however, the Committee may call additional meetings as the Chairman of the Committee decides are necessary for the Committee to fulfil its duties, taking into account requests from any Board or Committee member, the Chief Executive Officer, the Chief People Officer or the Company Secretary.

The regulation of meetings and proceedings of the Committee is governed by the Constitution.

A quorum is at least two members of the Committee. If the Chairman is absent from a meeting, the members of the Committee present may appoint another Committee member to act as Chairman for that particular meeting. However, all members are expected to participate in all Committee meetings.

A standing invitation is issued to all non-executive directors who are not members of the Committee to attend meetings.

The Company Secretary or his or her delegate will act as Secretary of the Committee and will attend meetings of the Committee, as required.

#### ***Agenda***

The Chairman will review the agenda for each meeting prior to its issue.

Any Committee member may require business to be included in the agenda, provided the Chairman and Secretary have been given prior notice of that business.

The agenda and papers for each Committee meeting will be issued to Committee members and the Chief Executive Officer within a reasonable time prior to that meeting.

#### ***Minutes***

The Secretary will prepare the minutes of meetings of the Committee which are to be approved by the Chairman in draft and circulated to all members of the Committee and to the Board. Minutes of meetings of the Committee will then be confirmed at the next meeting of the Committee and signed by the Chairman.

## ***Attendance***

If a Committee member or an attendee has a material personal interest in a matter that is being considered at a Committee meeting, that person must not be present for consideration of, or take any part in decision-making on, that matter. However, members may be present at Committee meetings and may participate in the formulation of recommendations to the Board in relation to the remuneration of non-executive directors.

The Committee will operate independently of senior management of the Company, whilst receiving recommendations and input from the Chief Executive Officer, Chief People Officer, external advisers and other individuals as required.

The Chief Executive Officer and Chief People Officer will be invited to attend meetings, as required. Other Executives and advisers, as the Chairman thinks fit, may be invited to attend meetings. However, Executives may not be present at meetings or be directly involved in any decisions relating to their remuneration or specific remuneration policies applicable to them.

## ***Advice and access***

The Committee will have unrestricted access to management. The Committee will also have the right to seek explanations and additional information from management.

The Committee has authority to conduct or direct investigations into any matters within its terms of reference. The Committee or any individual Committee member may engage an independent external adviser, as considered necessary or desirable by the Committee to assist it in any investigation or to carry out its duties, at the expense of the Company. Before the external advice is sought, consent must be obtained from the Chairman of the Committee. As appropriate, the Committee will inform the Chief Executive Officer and the Company Secretary of its decision to authorise such an investigation or obtain such external advice.

The Chairman of the Committee may determine that any external advice received by an individual Committee member be circulated to the other directors of the Company.

Where the external advice is in relation to remuneration, the engagement must be undertaken in accordance with the approved Protocols for Obtaining External Remuneration Advice.

## ***Reporting***

The Chairman will report to the Board at the Board meeting following each Committee meeting, on all matters that should be brought to the attention of the Board and any recommendations requiring Board approval and/or action.

The Committee will also consider if any material matters arising out of any Committee meeting should be advised to any other Committee and, if so, ensure that this occurs.

The Chairman will attend and be available to answer questions regarding the Company's Remuneration Report at the Annual General Meeting of the Company.

## ***Review***

The Committee's Charter will be regularly reviewed (at least annually) and the Chairman, following such review, will make recommendations to the Board in relation to the Committee's

membership, responsibilities and functions or otherwise (and any amendments deemed desirable to the Charter).

No changes to this Charter may be made without the approval of the Board. After its review each year, this Charter will be distributed by the Company Secretary to all directors, the Chief Executive Officer and the Chief People Officer, and the latest version included on the Governance page of the Company's website.
