## **Wynns celebrates 60 vintages of iconic Black Label Cabernet Sauvignon**

This Wynnsday marks an auspicious milestone, the 60<sup>th</sup> vintage release of one of Australia's most iconic, and collected, cabernet sauvignons – Wynns Black Label.

Wynns Senior Winemaker, Sue Hodder, who this year celebrates her 25<sup>th</sup> vintage with Wynns, says this is a genuine milestone for the team in Coonawarra.

“The 2015 Black Label Cabernet embodies the heritage, the journey, and, of course the vintage. We have been eagerly anticipating this release for about a decade, and pleasingly, the quality of the 2015 vintage meets our high expectations. There are so many stories and anecdotes to tell around Wynns Black Label Cabernet; however with all these layers it is important to remember that the ultimate story is the wine in the glass.”
